Sweetman

BOOKKEEPER & ACCOUNTANT

Hi, I'm Alex Sweetman! My husband and I live in Wisconsin with our 3 kiddos and our cat Pete. When I'm not working you will see me chasing after my three kids with coffee in one hand and a book in the other. We also love camping and the outdoors, so during summer we are often finding places to hike or camp.

My background is in corporate accounting. I went to UW-Green Bay (go Phoenix!) and graduated with my undergraduate degree in Accounting, Finance and Environmental Planning. I moved into corporate accounting right after graduation and have worked in a variety of industries. During 2020 is when I decided to start doing bookkeeping work from home and I haven't looked back! I love helping business owners realize their dreams and goals while doing something I love. I look forward to working with you!
